

paid the tax is required to file a return for the period ending with the first calendar quarter which begins more than 60 days after the date of the determination by the appropriate TTB officer.

(B) *Supporting statement.* A claim for credit or refund of an overpayment of tax in respect of an article as to which a wholesaler, jobber, distributor, or retailer is the ultimate purchaser, as provided in this paragraph (a)(3)(ii), must be supported by a statement that the person filing the claim has a statement, by each wholesaler, jobber, distributor, or retailer whose articles are covered by the claim, showing total inventory, by model number and quantity, of all such articles purchased tax-paid and held for sale as of 12:01 a.m. of the 15th day after the date of the determination by the appropriate TTB officer that the article is not subject to tax under chapter 32 of the Code.

(C) *Inventory requirement.* The inventory shall not include any such article, title to which, or possession of which, has previously been transferred to any person for purposes of consumption unless the entire purchase price was repaid to the person or credited to the person's account and the sale was rescinded or any such article purchased by the wholesaler, jobber, distributor, or retailer as a component part of, or on or in connection with, another article. An article in transit at the first moment of the 15th day after the date of the determination is regarded as being held by the person to whom it was shipped, except that if title to the article does not pass until delivered to the person the article is deemed to be held by the shipper.

(b) *Overpayments described in section 6416(b)(2) of the Code—(1) Claims included.* This paragraph applies only to claims for credit or refund of amounts paid as tax under chapter 32 of the Code that are determined to be overpayments by reason of section 6416(b)(2) of the Code (relating to tax payments in respect of certain uses, sales, or resales of a taxable article).

(2) *Supporting evidence required.* No credit or refund of an overpayment to which this paragraph (b) applies shall be allowed unless the person who paid the tax submits with the claim a state-

ment, supported by sufficient available evidence, asserting that:

(i) The person neither included the tax in the price of the article with respect to which it was imposed nor collected the amount of the tax from a vendee, and identifying the nature of the evidence available to establish these facts, or

(ii) The person repaid, or agreed to repay, the amount of the tax to the ultimate vendor of the article, or

(iii) The person has secured, and will submit upon request of the appropriate TTB officer, the written consent of the ultimate vendor to the allowance of the credit or refund.

(3) *Ultimate vendor—General rule.* The term *ultimate vendor*, as used in paragraph (b)(2) of this section, means the seller making the sale which gives rise to the overpayment or which last precedes the exportation or use which has given rise to the overpayment.

(c) *Overpayments not included.* This section does not apply to any overpayment determined under section 6416(b)(1) of the Code (relating to price readjustments), section 6416(b)(3)(A) of the Code (relating to certain cases in which refund or credit is allowable to the manufacturer who uses, in the further manufacture of a second article, a taxable article purchased by the manufacturer taxpaid), or section 6416(b)(5) of the Code (relating to the return to the seller of certain installment accounts which the seller had previously sold). In this regard, see §§ 53.173, 53.180, and 53.183.

§ 53.173 Price readjustments causing overpayments of manufacturers tax.

In the case of any payment of tax under chapter 32 of the Code that is determined to be an overpayment by reason of a price readjustment within the meaning of section 6416(b)(1) of the Code and § 53.174 or § 53.175, the person who paid the tax may file a claim for refund of the overpayment or may claim credit for the overpayment on any return of tax under this subpart which the person subsequently files. Price readjustments may not be anticipated. However, if the readjustment

§ 53.174

has actually been made before the return is filed for the period in which the sale was made, the tax to be reported in respect of the sale may, at the election of the taxpayer, be based either:

- (a) On the price as so readjusted, or
- (b) On the original sale price and a credit or refund claimed in respect of the price readjustment.

A price readjustment will be deemed to have been made at the time when the amount of the readjustment has been refunded to the vendor or the vendor has been informed that the vendor's account has been credited with the amount. No interest shall be paid on any credit or refund allowed under this section. For provisions relating to the evidence required in support of a claim for credit or refund, see 27 CFR 70.123 (Procedure and Administration), § 53.172(a)(2) and § 53.176. For provisions authorizing the taking of a credit in lieu of filing a claim for refund, see section 6416(d) of the Code and § 53.185.

[T.D. ATF-308, 56 FR 303, Jan. 3, 1991, as amended by T.D. ATF-312, 56 FR 31084, July 9, 1991]

§ 53.174 Determination of price readjustments.

(a) *In general*—(1) *Rules of usual application*—(i) *Amount treated as overpayment.* If the tax imposed by chapter 32 of the Code has been paid and thereafter the price of the article on which the tax was based is readjusted, that part of the tax which is proportionate to the part of the price which is repaid or credited to the purchaser is considered to be an overpayment. A readjustment of price to the purchaser may occur by reason of:

- (A) The return of the article,
- (B) The repossession of the article,
- (C) The return or repossession of the covering or container of the article, or
- (D) A bona fide discount, rebate, or allowance against the price at which the article was sold.

(ii) *Requirements of price readjustment.* A price readjustment will not be deemed to have been made unless the person who paid the tax either:

- (A) Repays part or all of the purchase price in cash to the vendee,
- (B) Credits the vendee's account for part or all of the purchase price, or

(C) Directly or indirectly reimburses a third party for part or all of the purchase price for the direct benefit of the vendee.

In addition, to be deemed a price readjustment, the payment or credit must be contractually or economically related to the taxable sale that the payment or credit purports to adjust. Thus, commissions or bonuses paid to a manufacturer's own agents or salesperson for selling the manufacturer's taxable products are not price readjustments for purposes of this section, since those commissions or bonuses are not paid or credited either to the manufacturer's vendee or to a third party for the vendee's benefit. On the other hand, a bonus paid by the manufacturer to a dealer's salesperson for negotiating the sale of a taxable article previously sold to the dealer by the manufacturer is considered to be a readjustment of the price on the original sale of the taxable article, regardless of whether the payment to the salesperson is made directly by the manufacturer or to the salesperson through the dealer. In such a case, the payment is related to the sale of a taxable article and is made for the benefit of the dealer because it is made to the dealer's salesperson to encourage the sale of a product owned by the dealer. Similarly, payments or credits made by a manufacturer to a vendee as reimbursement of interest expense incurred by the vendee in connection with a so-called "free flooring" arrangement for the purchase of taxable articles is a price readjustment, regardless of whether the payment or credit is made directly to the vendee or to the vendee's creditor on behalf of the vendee.

(iii) *Limitation on credit or refund.* The credit or refund allowable by reason of a price readjustment in respect of the sale of a taxable article may not exceed an amount which bears the same ratio to the total tax originally due and payable on the article as the amount of the tax-included readjustment bears to the original tax-included sale price of the article.

(2) *Rules of special application*—(i) *Constructive sale price.* If, in the case of a taxable sale, the tax imposed by chapter 32 of the Code is based on a constructive sale price determined
